XXS, XS, S, M, L, XL

If you are looking for a way to **improve your bowling game** without having to buy new soles, then the THE-0 is the perfect solution for you.

FINE-TUNED APPROACH: The ability to customize the soles of your bowling shoes allows you to fine-tune your approach. That means more consistent and accurate shots!

USE ANY SLIDE SOLE: THE-0 allows you to use any slide sole that you are comfortable with. This gives you more options and allows you to find the perfect combo that provides the best performance for you.

SAVE MONEY: If you already have slide soles, you can fit them onto the THE-0 instead of purchasing new ones.

The THE-0 is easy to use. Simply,

- 1** Choose the slide sole (or soles, for a truly custom fit!) you want to use.
- 2** Trim them to fit THE-0 with the included trimming guide.
- 3** Attach them & clip them on to any shoe in the Dexter THE line.
